SKILLS & SLOTS

Responsible Gaming Policy

Last updated: October 2026

1. Our role

Games accessed through www.skillsandslots.com (the "Site") are provided and operated by independent third-party game providers (the "Game Providers"). Skills & Slots acts only as their marketing agent. **The responsible gaming tools described below are provided by the Game Providers**; Skills & Slots makes them accessible through the Site and applies them at your request or on the Game Providers' instructions.

2. Play for fun

Games should be entertainment, not a way to make money or solve financial problems. Only play with money you can afford to lose, set a budget and a time limit, and never chase losses.

3. Warning signs

Consider taking a break or getting help if you: spend more money or time than you planned; borrow money or sell things to play; hide your play from family or friends; feel anxious, irritable or guilty about playing; or neglect work, study or family.

4. Tools available

- **Purchase limits** (daily, weekly or monthly).
- **Time-outs** from 24 hours to 6 weeks.
- **Self-exclusion** for 6 months, 1 year or permanently.

To use any of these tools, contact support. Requests to reduce limits or to self-exclude take effect as soon as they are processed; requests to increase limits or to end a time-out may be subject to a waiting period set by the Game Provider. During self-exclusion you must not open a new account, and any account found may be closed.

5. Age

You must be at least 21 to use the Site. Accounts of anyone under 21 will be closed and any balance voided. Parents can use filtering software such as Net Nanny or Qustodio to keep minors away from gaming sites.

6. Where to get help

- Gamblers Anonymous: www.gamblersanonymous.org
- GamCare: www.gamcare.org.uk
- Gambling Therapy: www.gamblingtherapy.org
- National Council on Problem Gambling (US): www.ncpgambling.org, 1-800-522-4700

7. Your responsibility

You are responsible for your own play and for deciding whether to use these tools. Neither Skills & Slots nor the Game Providers can monitor every player, and they are not liable for any loss arising from your choice to play or not to use the tools available.

8. Contact

Questions about this document can be sent to support@skillsandslots.com.
